

# Worship Ministry Intern - Job Description

First United Methodist Church - Marion, Iowa – [www.marionmethodist.org](http://www.marionmethodist.org)

- Marion Methodist Church has a history and desire to raise up persons for professional ministry.
- Selection based on home churches recommendation, campus ministry participation, and compatibility with the ministry team as discerned by the staff.

## The benefits:

- The benefits to the United Methodist Church would include raising up or growing a person to be a Worship Leader in the greater church.
  - This person will sit under proficient leaders for spiritual and experiential ministry opportunities and gain a greater understanding of how the church works.
  - The Intern could gain some guided and supervised leadership experiences in worship leading, spiritual formation, volunteer management, music rehearsal and performance, and music technology.
- The benefits to First United Methodist Church would include:
  - A jolt of energy to our worship ministries during the time when many groups take a summer break.
  - An opportunity for a fresh approach to leadership that may come from sources outside our current leadership and church style.

## Tasks:

- To be defined by the Director of Worship and Technology with consideration given to the needs of the church, skill and passions of the intern and opportunities in which both the church and student can grow.
- Accountability will be to the Director of Worship and Technology. The time involved with this position is evenly divided between learning and implementation.

## Wage:

- \$3,330 salary for 10-week total program completed sometime (as negotiated) between May 15-August 15.

## Pre-requisites for the position:

- College student with an interest and passion for music and ministry.
- To have a profound faith in Christ as evidenced by their living.
- Vocally proficient enough to lead congregational singing

## Preferred qualifications (not required):

- Ability to play/learn an accompanying instrument (guitar, keyboard, etc)
- Experience with music technology (such as sound mixing, recording/editing, lighting)
